Research or studies by the Centers for Disease Control and Prevention shows that			
more than 180,000 Americans die from accidental injuries every year. That works out			
to one person eve	ry three minutes. Mor	e than 14,000 of ther	m are under the age of 19.
Is YouTube to bla	me?		
WORD BANK:			
14,000	burned	guns	shot
19	clothes	moving cars	skateboards
basketball	encourages	risks	soaring
bikes	fire	shooting	
SUPPLEMENTA	RY QUESTIONS:		
1. In the first parag	raph, what was the 15-y	ear-old boy trying to	do?
The 15-year-old be	oy was trying to set a	on	and make a three-point,
or long,			
2. What happened t	o the boy?		
The boy's	caught ona	and he was	on his chest and legs.
		activities to get attent	ion, that the author gives.

NEUROLOGIST NOTEBOOK

INSTRUCTIONS FOR STUDENTS:			
Work with a partner. Use your neurologist notebook to write down key, or important ,			
information from the text. You will write down main ideas and some details, or			
specific information, about ea	ch main idea. You can use information from your		
Thinking Log. Some information is already filled in for you.			
WORD BANK:			
access better, brains, dangero	ous, global, imitate, judgment, reward, risks, risky		
activities, world			
Summary of the article :			
Summary of the article:			
Teens see many	on YouTube, and sometimes they try these		
stunts themselves.			
	1		

Appendix : Glossary

Word	Definition	Example
adapt	adjust or get used to	Changes in the brain help teens
	something new	adapt to being adults.
access	a way of finding or using	YouTube provides accessto an
	something	audience of millions.
dangerous	not safe; likely to cause harm	YouTube has many videos of
		young teens trying dangerous and
		downright stupid stunts.
display	show	~ - •° '@
