

3.	Negations	
8.	Truth Value of Compound Sentences.....	18
1.	Conjunction	
2.	Disjunction	
3.	Conditional	
4.	Related conditionals	
a.	Converse	
b.	Inverse	
c.	Contrapositive	
5.	Biconditional	
C.	Tautologies	23
1.	Proof using truth tables	
2.	Applications	
11.	Algebra	27
A.	Operations on Algebraic Expressions.....	27
1.	Review of operations with signed numbers	
2.	Use of variables	
a.	Order of operations	
b.	Evaluating algebraic expressions	
3.	Addition of polynomials	
a.	Properties	
b.	Combining like terms	
c.	Combining fractions with like denominators	
4.	Multiplication of polynomials	
a.	Powers ($x^a \cdot x^b = x^{a+b}$)	
b.	Products using monomials	
c.	Products of binomials	
d.	Equivalent fractions	
e.	Combining fractions with unlike denominators	
f.
