individualized education program.

<sup>3</sup> 8 NYCRR section 200.22(c) defines a time out room as an area for a student to safely deescalate, regain control and prepare to meet expectations to return to his or her education program. Time out rooms are to be used in conjunction with a behavioral intervention plan in which a student is removed to a supervised area in order to facilitate self-control or to remove a student from a potentially dangerous situation. 8 NYCRR section 200.22(c) also allows for the limited use of a time out room as an emergency intervention, consistent with the requirements in 8 NYCRR section 200.22(d), in unanticipated situations that pose an immediate concern for the physical safety of a student or others.
